

# What We are About

---

*Having fun with horses! The ranch is a small ranch, but it has a warm family atmosphere. Kids of all ages and their families are encourage to come and learn about horses from grooming and care to basic horsemanship. Weekly sessions are available or come for a one time experience. Shannon and Gayle Oxford instruct along with volunteer friends and family.*

We have picnic areas and a campfire gathering area. We will be planing special Bar-B-Qs and events for fund raising and for our program awareness. We hope to reach out to schools and community to offer our program to kids of all ages.

*Held at a family owned facility where children of all ages and their families can experience the Horse & learn about Horsemanship. From grooming to riding, children and their families learn about the horse in a family ranch atmosphere. Learning that a relationship between a child and a horse can be a very special friendship.*

**A Place Where Hoofs & Hearts Take Flight!**
